

RANGE TWENTYFORE

VIRTUAL GOLF LEAGUES

LEAGUE INFORMATION

League Date & Time

This is a floating league meaning there is no singular designated date and time that league will run each week. Instead, you and your partner choose a time to meet at Range TwentyFORE anytime between Sunday and Thursday of that week. **All rounds must be completed and submitted by 8:00 PM Thursday of that week.**

This 6-week league runs from the week of October 11th through the week of November 17th.

Playing Format

This is a two-person, net best-ball, head-to-head league meaning, all golfers will play their own ball the entirety of each hole. Your team's score on each hole is the better of the two partners' net scores. That score is then matched against your opponent's best-ball for the hole, with points awarded for the hole winner and the overall match winner.

Scoring

Each match will be worth up to 11 points. Each hole is worth 1 point and winning your match is worth an additional 2 points. Ties on a hole or at the end of the match will result in halving the points.

Team Registration

Teams register as a team of two.

Subs

Teams are allowed to use a sub (an individual outside those named on the registration form) twice during the league. Teams are responsible for finding their own sub for the week.

Only players listed on the registration form are permitted to compete during playoff weeks.

If a team is unable to find a sub, the missing teammate will play as a "ghost" at zero handicap and that team is not eligible to get the two extra points for winning the match

Prizes

Cash payouts to 1st, 2nd and 3rd place teams

Pricing

League buy-in is \$50.00 per golfer

Teams will have to pay for their bay time each week at standard Range TwentyFORE bay prices
